I am John Hippisley, your host for the tour, and have been conducting the tours since 1991. Don't be too scared; the cold hand of death rarely comes close when you are with me. Be sure to dress up warm, for even on the warmest of nights the temperature may drop some fifteen degrees if we are in the presence of a spirit. I have been attuned to the spirit world since seeing my first ghostly child at the age of thirteen. There is nothing to fear except fear itself.
